Thank you, Ma'ayan! This looks great. A couple things:

— there are 2 places where Larchmont Village is referred to as “the” Larchmont Village. Please just take out “the”. It’s here and in the next line: **What is your favorite aspect of the Larchmont Village?** \*

— we would like to be sure artists are aware of the BID’s description of our village, listed here <http://larchmontvillagebid.com/index.php>, and the artwork that’s already on the side of the Big Belly trash and recycling bins on the street (see attached)

— for the timeline, we’d like to have this installed in January instead of December. It might get lost in the holiday shuffle of all the things we have going on in the Village around Christmas if we install the art on 12/23

Heather and Tom, do you have anything to add?

Thank you!

Rebecca
